

Client Posting

Pennsylvania Treasury is seeking a Chief Investment Officer. With approximately \$101 billion in assets, the department's paramount responsibility is safeguarding and managing the state's financial assets. The position reports to Treasurer Joe Torsella and will serve as a trusted counselor and advisor to the Treasurer with independent analysis and evaluation of financial transactions and investments of the State's public pension funds and agencies. The ideal candidate will have at least five (5) years of broad investment expertise, along with strong analytical skills and experience in tactical and strategic asset allocation, to include cash and cash equivalents, fixed income, equities, real estate and alternative investments. A Bachelor's degree in finance or related discipline is required. A Master's degree, and/or CFA certification are preferred.
