

PENNSYLVANIA UNCLAIMED PROPERTY ANNUAL REPORTING

2018 REPORT YEAR

The Pennsylvania Treasury wants to increase voluntary compliance with the Disposition of Abandoned and Unclaimed Property Act, 72 P.S. § 1301.1 et seq (DAUPA) – and works to inform the business community of its reporting obligations.

Treasury has a team of compliance specialists that can:

- Answer questions about reporting unclaimed property.
- Help your business or organization determine if you have unclaimed property.
- Assist you with filing your annual unclaimed property reports.
- Discuss voluntary compliance options.
- Present a seminar to your business or organization about unclaimed property reporting and address relevant issues specific to your industry.

Submit your report in written or electronic format.

- To make reporting electronically even easier, Treasury adheres to the National Association of Unclaimed Property Administrators (NAUPA) reporting format, which utilizes standardized codes in both written and electronic reports.
- Whether you report electronically or manually, reporting forms and free reporting software can be found on Treasury’s website, **www.patrealury.gov** – just click “Programs”, on the main menu and then select “Unclaimed Property” and “Holders”.

Have questions or need further assistance?

- Call Treasury’s holder hotline at **1-800-379-3999**
- Email **report@patrealury.gov**
- Visit **www.patrealury.gov** for more information about unclaimed property
- Listen to one of our webinars available at **www.patrealury.gov**

Treasury values the conscientious efforts of holders to comply with Pennsylvania’s unclaimed property law – without this cooperation, Treasury could not have returned over \$100 million to the rightful owners or heirs last fiscal year alone.

INSTRUCTIONS FOR PREPARING A REPORT

THE ACT

Pennsylvania's Disposition of Abandoned and Unclaimed Property Act ("the Act"), 72 P.S. Sections 1301.1 - 1301.28b, can be found on Treasury's Web site at www.patreasury.gov.

WHO MUST REPORT

According to the Act, financial institutions, insurers, utilities, business associations, medical facilities, sole proprietors, fiduciaries, courts, public officers, government entities and all legal or commercial entities must file a report if they have reportable unclaimed property. Writing dormant accounts off into income does not negate the obligation to report and deliver unclaimed property.

KEEP IT CURRENT

It is your responsibility to keep Treasury advised of your current address and any changes in the person, department, or branch responsible for filing your reports. This includes information on the following: Are you a parent company reporting for all subsidiaries or will each subsidiary be responsible for their own reporting? All correspondence should include your federal employer identification number (EIN/Tax ID number).

DORMANCY PERIOD

The dormancy period for most property types is three years, meaning no contact has been made with the owner for a period of three years or there has been no interest indicated by the customer on the account for three years. After this time, the account must be reported as unclaimed property. There are some exceptions to the three-year period. They include:

- Tangible property with an unknown owner (police depts/government entities only) - 1 year
- Payroll and commissions - 2 years (issued by check, payroll card or any other format)
- Court ordered utility refunds - 2 years
- Property distributable in the course of dissolution of a business association, financial institution, insurer or utility - 2 years from date of final dissolution
- Burial accounts - 3 years after death of the account owner
- Money orders - 7 years (issued by financial and non-financial institutions)
- Travelers cheques - 15 years

The chart below demonstrates the cut-off dates for property reportable on the 2018 unclaimed property report, which is due by April 15, 2019. For a complete list of individual property types and their corresponding dormancy period, please refer to www.patreasury.gov.

Dormancy Periods for Report Year 2018 Due April 15, 2019

Dormancy Period	Property Types	Transactions Occurring Between These Dates Should Appear on the Report
2 years	Wages/Payroll, Commissions	January 1st - December 31st, 2016
3 years	All other unclaimed property types excluding gift cards/certificates	January 1st - December 31st, 2015
7 years	Money Orders	January 1st - December 31st, 2011
15 years	Travelers Cheques	January 1st - December 31st, 2003

EARLY REMITTANCE

The Act provides that holders may, with the consent of the State Treasurer or his designee, report and deliver unclaimed property before the expiration of the holding period. See Section 1301.13(d) of the Act. Forms for early remittance are available on www.patrealty.gov under Unclaimed Property\Holder Compliance or by calling **800-379-3999**.

Please note this request is designed to allow holders to report property prior to its dormancy period, while reporting in accordance with Pennsylvania's April 15 deadline, not submit a report early.

Please submit your Pennsylvania unclaimed property report between January 1 - April 15, 2019 for the 2018 report year.

REPORTING METHODS

Electronic reporting is required for 10 or more properties. HRS Pro is an option that is available through www.patrealty.gov under "Programs", "Unclaimed Property", "Holders", "Holder Reporting", and scroll down to Step2.

Written reports will be accepted that contain less than 10 owners. There are reporting forms located on Treasury's Web site.

Treasury will accept holder reports via email (report@patrealty.gov), electronic file transfer or CD ROM. We are not able to accept reports submitted on floppy disk.

Companies reporting both tangible and intangible property must file separate reports.

NEGATIVE REPORTING

If, after a thorough, annual review of records, it is determined that you are not in possession of unclaimed property, you have the option of filing a negative/compliance report. This report is helpful to Treasury in determining annual compliance.

A Negative report can be filed through our Web site under "Programs", "Unclaimed Property", "Holders", "Holder Login", or you may choose to email it to report@patrealty.gov. If filing online, a hard copy report is not required.

GUIDELINES FOR DUE DILIGENCE

This can be found in section 1301.10a of our Unclaimed Property Statute.

The holder is now required to send notice to the owner of the property not more than 120 days nor less than 60 days, prior to the date the report is due. The due date for this report as always is April 15th of each year.

This should be done if the holder has on record an address for the owner that is not known to be inaccurate and the property value is \$50 or more.

The notice must provide the property description, also a description of the property's ownership. Along with the value of the property if known. You should also include any other information necessary in order for the owner to contact the holder for the prevention of the property being reported to Treasury.

The notice must be sent by first class mail that is unless the owner has previously agreed to a method of electronic notice that remains valid.

Please be aware that holders are prohibited from imposing any costs or fees upon owners of unclaimed property for the preparation of mailing the notices.

The holder shall also include an affirmation of compliance with their report.

Complying with these new notification requirements may result in an owner recovering property or indicating an interest prior to the unclaimed property being remitted.

If this is the case the property does not become reportable to Treasury.

REPORTING TANGIBLE PROPERTY

FILING YOUR TANGIBLE REPORT

Electronic reporting is required for 10 or more safekeeping/tangible properties. Direct links to electronic software is available on www.patreaury.gov. Your report should be emailed to report@patreaury.gov or uploaded via Treasury's Web site.

Written, hard-copy reports will be accepted if reporting nine (9) or less items. In this option, the TUP-40 must be used, available on Treasury's Web site.

Please note that the property code to use when filing a tangible unclaimed property report is SD01 (Safe Deposit Box Contents). This is to be used for all types of tangible property, including those reported by police departments and the healthcare industry.

PREPARING PROPERTY FOR DELIVERY

For each property entered in your unclaimed property report, there should be a corresponding bag/box associated with that specific individual, with the individual's name(s) listed visibly on the front. It is important that properties belonging to multiple owners are not mixed together in a single bag when delivering.

Example: One owner has multiple items owed to him including money orders, savings bonds, jewelry, and cash. The items being reported in their physical form should be combined in one bag (or box if needed), labeled with the owner's full name and the identifying information. Note that the cash is considered transmittable and should be reported via a check or money order.

Each unknown owner should also have its own designated bag of property. Items belonging to multiple unknown owners should not be lumped together in the same bag.

All bags containing the items being reported can then be put into a box(es) to be delivered to Treasury. Whether you are reporting electronically or manually, the AP-1 form must be completed and placed inside the box along with the property. If using the manual option, (TUP-40 form) the applicable form(s) must be included in the box as well. Please be sure to properly seal your box(es) prior to delivery.
